Sir:

AMENDMENT

In response to the Office Action mailed January 3, 2001, and further to the Notice of Non-Compliant Amendment mailed May 1, 2001, please consider the following amendment. A marked-up version of the amended claims is presented in the Appendix.

10. (Amended). A vehicle cradle for housing a portable terminal in a motorized vehicle used to deliver items to a destination address, said cradle comprising:
- a housing for receiving the portable terminal in a fixed location;
 - a power management system for delivering power to the portable terminal when received in the fixed position;
 - a communication port for communicating data from the motorized vehicle cradle to the portable terminal; and

Sub D.
R

cont. ~~1~~
a GPS system locator coupled to said communication port for generating a location signal and transmitting said signal to the portable terminal; whereby the location of the motorized vehicle is transmitted to the portable terminal by the vehicle cradle.

Sub D2
39. (Amended). A system for fulfilling orders placed from a remote computer, said system comprising:

GO
a communication network for communicating an order from the remote computer to a central order processor, said order including a customer destination location for delivering a completed order;

a portable terminal having a data communication network connection for retrieving the order from the central order processor; and

a motorized delivery vehicle for delivering goods to a customer location, said motorized delivery vehicle including a portable data collection terminal and a vehicle cradle for said portable collection terminal.

NE need the complete claim.

45. A vehicle cradle for receiving a portable terminal in a motorized vehicle, said cradle comprising:

a battery charger for charging the battery of a portable terminal;

a portable terminal receiving housing for receiving the portable terminal and holding said terminal in a fixed position;

a communication port for receiving data from the portable terminal; and
